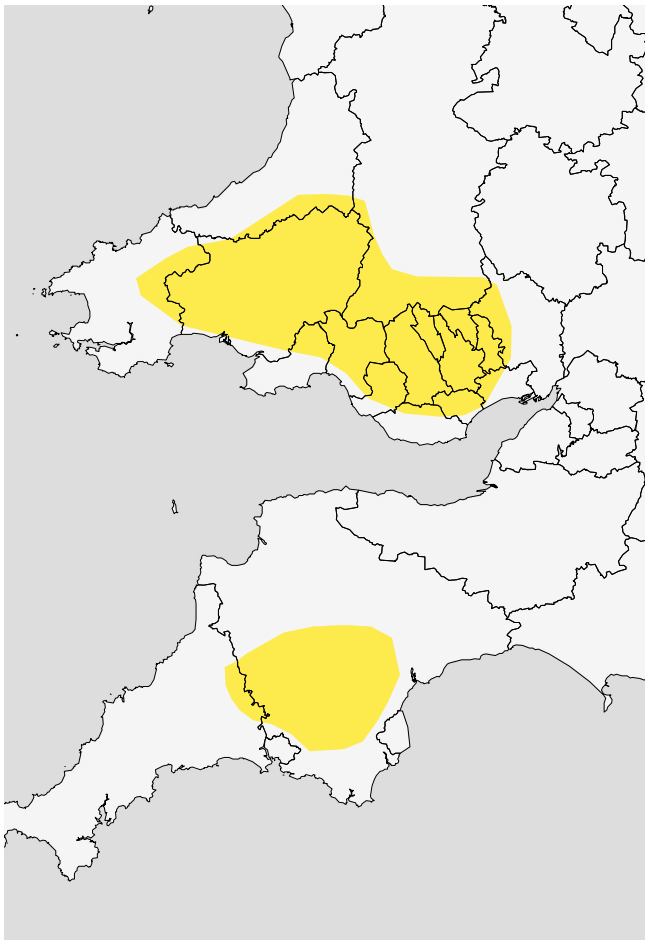
Yellow warning
Rain

Between
09:00 Fri 19 Feb 2021 and
12:00 Sun 21 Feb 2021



Persistent and at times heavy rain may result in flooding and disruption to transport and utilities.

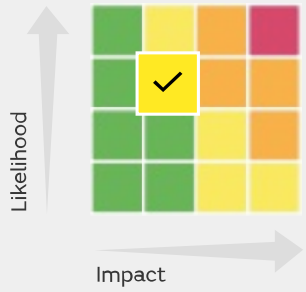
What to expect

- Flooding of a few homes and businesses is likely
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- Some interruptions to power supplies and other services are possible

Further details

Following recent rain, and further rain on Thursday, another band of rain is expected to become slow moving over Wales and western England on Friday. Whilst many places will see a spell of heavy rain, high ground of southwest England and south Wales, exposed to the south, will likely see the largest rainfall totals.

Here, some 70-100 mm of rain is possible, with the most exposed parts of Dartmoor and the Brecon Beacons potentially seeing up to 150 mm by Sunday lunchtime.



✓ Medium likelihood of low impacts

Yellow warning
Rain

Between
09:00 Fri 19 Feb 2021 and
12:00 Sun 21 Feb 2021

Further Details (continued)

The rain now looks most likely to finally clear on Sunday, although precise timings at this stage are somewhat uncertain.

As well as heavy rain, strong to gale force southerly winds will be an additional hazard.

Reason for update

End time extended to Sunday lunchtime. Some small changes to warning areas based on latest information.
